"Soul and Body" is the Sunday Lesson-Scripture for May 21. It is the Gospels of Christ, Scientist. The Golden Text, chosen from Pauline, reads: "Why art thou cast down, O my soul? and why art thou disquieted with nothing? For thou art God; for I shall yet praise him, who is the health of my countenance, and my God."
Naaman's healing of leprosy is told in the Lesson-Scripture. "Passage from II Kings. Naaman, a captain of the king of Syria, 'came with his horses and with his chariot, and his flesh came again like unto the flesh of a little child, and he was clean.'"
Mary Baker Eddy says in a citation from "Science and Health with Key to the Scriptures": "The Science of being reveals man as perfect, even as the Father is perfect, because the Soul, or Mind, of the spiritual man is God, the divine Principle that begets and because this real man is governed by Soul instead of sense, by the law of Spirit, not by the so-called laws of matter."

What item in this picture has not gone up in cost?

ELECTRICITY
Look around your living room. Probably the only item in it that would not cost more today than two years ago is the electricity which provides the light and operates the radio. In fact, while other living costs have gone higher and higher, Edison electric rates have actually been reduced! But then, Edison rates have always been among the lowest in the nation. Today you pay less for electricity than ever before.

New Regulations On Credit Told

Retailers were warned by the Federal Reserve Bank of San Francisco this week that sales cannot be made on "open book" or "charge account" arrangements with the understanding that the account later may be converted to an installment sales contract with a maturity up to six months or a year. Misunderstandings have also arisen on the part of the public in regard to Federal restrictions on credit sales, local merchants state. Installment sales contracts are still permitted, it was emphasized. Monthly payment periods extend over varying terms up to one year with minimum monthly payments of five dollars, it was explained.
